EMAIL [HENRYBG@GMAIL.COM](mailto:HENRYBG@GMAIL.COM)

## CAREER SUMMARY

A technical project manager with experience in innovation and change management, Agile methodologies, and technical strategy.

## WORK EXPERIENCE

**ENGINEERING PROJECT MANAGER, WebOS/HP**, 6 / 11 – PRESENT, SUNNYVALE, CA  
([developer.palm.com](http://developer.palm.com))

- Developed and successfully implemented a plan to rollout Agile methodologies to a large team.
- Was the process owner for Agile among the applications team.
- Tracked, drove and reported requirements of the individual teams of the applications group to the software leadership.
- Helped to orchestrate collaboration between the application team, design teams and other dependencies.

**SOFTWARE PROGRAM MANAGER, CISCO CONSUMER PRODUCTS/FLIP**, 5 / 10 – 5 / 11, SF, CA  
([www.cisco.com](http://www.cisco.com))

- Managed a cross functional team that developed a form factor working prototype to evangelize a new hardware and software platform for future camera development.
- Active contributor to the “Empowerment & Collaboration PULSE Council”.
- Helped transition engineering process to improve efficiency.

**SOFTWARE ENGINEER / PROJECT LEAD, MOTO DEVELOPMENT (acquired by Cisco)**, 12 / 07 – 5/10, SF, CA

- Managed various consumer electronics products including a helmet mounted camera system, a two screen tablet and a camera prototype.

**SOFTWARE ENGINEER / R&D ENGINEER, PACECO CORP**, 8 / 06 - 12 / 07, HAYWARD, CA  
([www.pacecocorp.com](http://www.pacecocorp.com))

- Architected and developed software that helped automate and make efficient shipyard job assignment.
- Led the architecture and development team on a project that helped automate shipyard logistics.

**SOFTWARE ENGINEER, HAROLD C. BROWN & CO.**, 12 / 05 - 6 / 06, BUFFALO, NY ([www.hcb.com](http://www.hcb.com))  
• Rebuilt an outdated investment advisor fee billing software to help improve accuracy and efficiency in case of SEC audits

**COMPUTER ENGINEER, MGA RESEARCH CORP.**, 03/05 - 12 / 05, AKRON, NY ([www.mgaresearch.com](http://www.mgaresearch.com))

- Developed software and hardware for testing batteries, automobiles, buses and airplanes
- Worked on cross-functional teams of welders, machinists and engineers to deliver large industrial test equipment to OEM manufacturers around the world
- Maintained and upgraded the internal network between three offices in the US

## COMPANIES FOUNDED

**PRESIDENT / COFOUNDER, COLLAB21, LLC.**, 12 / 07 - 2 / 10, SF, CA

*Our mission was to create and maintain a low cost collaborative workspace for creative people, professionals and the interested public.*

**MARKETING / CUSTOMER SERVICE, USERUNFRIENDLY.COM**, 5 / 04 - 3 / 05, LAFAYETTE, IN

*We attempted to sell web hosting to an untested niche market of people who invited sarcastic customer service abuse.*

## EDUCATION

**BS, Computer Engineering with a minor in Music Theory – Purdue University**
